Thanks Christine for putting initial pen to paper. This is a great start. I tweaked your talking points some (see attached).

Allison, Appreciate your help with these. Here are some thoughts that you can embellish, tweak, add to, etc.

- The federal agencies will need an extension to the May 15, 2014 schedule to make a decision on the Oregon CZARA coastal nonpoint pollution control plan.
- The federal agencies received 85 public comments. Many comments are substantial and include lengthy attachments for our consideration, including NWEA's 83 page comment letter and 847 attached documents.
- Oregon also provided an 80+ page submittal that we must consider.
- To do a thorough and thoughtful review and allow for internal deliberations and senior management briefings, we will need an extension until January 30, 2015 to make our decision.
